- There was discussion on upcoming training opportunities and meetings.
- Zenner updated the board on DPC activities.
- CEO Ceaglske gave an update on the generator issues, Taylor County Broadband, and member issues.

Energy Efficiency Tip of the Month

During summer months, run large appliances that emit heat (like clothes dryers and dishwashers) during the evening when it's cooler.

This will minimize indoor heat during the day when outdoor temperatures are highest.

HOW POWER IS SAFELY RESTORED

Please know that when the power goes out, we are doing all we can to safely and efficiently restore power. Here are the steps we take in the assessment and restoration process:

STEP 1: ASSESS THE DAMAGE

STEP 2: ADDRESS SAFETY RISKS

STEP 3: RESTORE ESSENTIAL SERVICES

STEP 4: PRIORITIZE REPAIRS
